

Open Questions and Assumptions

Team: Team 4 | Local Produce Exchange, "Surplus"

Course: ICS 613 Software Engineering | University of Hawai'i at Manoa | Summer 2026

Members: Kennan Kaneshiro, Shea Stevens, Matt Ong, Kim Cates, Jeff Wu

The items below are not yet team-approved. Each one should be confirmed or changed before the requirements are locked.

ID	Type	Item	Affected stories and use cases	Status
OQA-01	Open question	Token expiry rules are not yet defined. Confirm whether invite tokens expire and, if so, after how long.	US-01, UC-01	Open
OQA-02	Open question and assumption	Registration is invite-only, but who issues invite tokens is not decided. Assumed a member may issue invite tokens. Confirm whether any active member can invite, or only an admin. If the issuer is not decided, keep US-01 as core and treat US-04 as optional or pending.	US-04, UC-04	Open
OQA-03	Assumption	The poster handles requests in the order they are received.	US-10, UC-10	Open
OQA-04	Open question	Confirm that cancelling an approved request should restore the requested quantity to the listing.	US-26, UC-11	Open
OQA-05	Open question and assumption	Confirm what happens to requests already in progress on a listing that is deactivated. Assumed existing requests continue as normal and only new requests are blocked.	US-15, UC-15	Open
OQA-06	Open question	Confirm whether notifications should be deleted or marked as read.	US-28, UC-20	Open
OQA-07	Open question	Confirm the allowed photo file types and a maximum size or count before building.	US-25, UC-13, UC-14	Open
OQA-08	Assumption	The recipient confirms pickup.	US-16, UC-16	Open
OQA-09	Assumption	The poster marks the exchange complete.	US-17, UC-17	Open
