

Requirements Review Packet

Team: Team 4 | Local Produce Exchange, "Surplus"

Course: ICS 613 Software Engineering | University of Hawai'i at Manoa | Summer 2026

Members: Kennan Kaneshiro, Shea Stevens, Matt Ong, Kim Cates, Jeff Wu

This packet is for the ICS 613 cross-team requirements peer review. The reviewing team reads these documents looking for ambiguity, missing requirements, unrealistic scope, inconsistent workflows, unclear user roles, and missing edge cases.

1. User stories
2. Acceptance criteria
3. User roles and personas
4. Open questions and assumptions
5. Known risks
